3 and 5-way Swing Gate AutoDraft

All Prattley 3 and 5-way Swing Gate Drafters are pneumatic operated, with a design that eliminates the need for left and right handed crates. The rear gates have vertical rollers which allow the gates to roll around the sheep as they close or allow the following sheep to pull back without getting caught.

Available as stationary or mobile units

3 Way Manual Drafter

FEATURES

- Enables up to 3-way Drafting
- Practical design keeps operator out of sheep's vision
- Sliding Gate moves easily and quietly
- Simple no-tool adjustment from biggest ram to smallest lamb

NOTE: Left or Right hand options - Right hand shown. Isolation Frame is additional. Tru-Test Load Bars & Indicator not included.

3 Way Electric AutoDraft

Prattley Electric Drafters are operated by electric motors powered by a 12 volt battery and will operate on a fully charged battery for a full day.

Prattley 3 Way AutoDrafters are a powerful tool allowing a single operator to control weighing and drafting. The Prattley AutoDraft coordinates with an external Indicator / recorder and Load Bars to produce a seamless package.

4.2 Sheep Conveyor with Mobility

FEATURES

- Cantilever Wheel Arms on 13" Wheels
- Fully detatachable drawbar and winch
- Petrol Power Pack 9HP
- Option of Twin Foot Controls
- Light and Easily Transportable
- Variable Speed and Variable Width
- Excellent for Ear tagging, Mouthing, Drenching, Vaccination, Inoculation and Capsuling

Mobile Sheep Yards

- This unit can be easily transported, assembled and operated, by one person.
- The yard is versatile and can be taken anywhere on the farm for on-the-spot drenching, crutching, mouthing, tagging, docking and fly strike and any general animal treatment.
- The mobile unit allows the operator to utilise the direction of sunlight and wind to ensure a natural stock flow through the yard.
- See practical results such as faster animal flow, saved time and travel, reduced fuel and labour costs, lower risk of infection from dusty tracks, less stress on the animal etc, therefore maximising farm management.

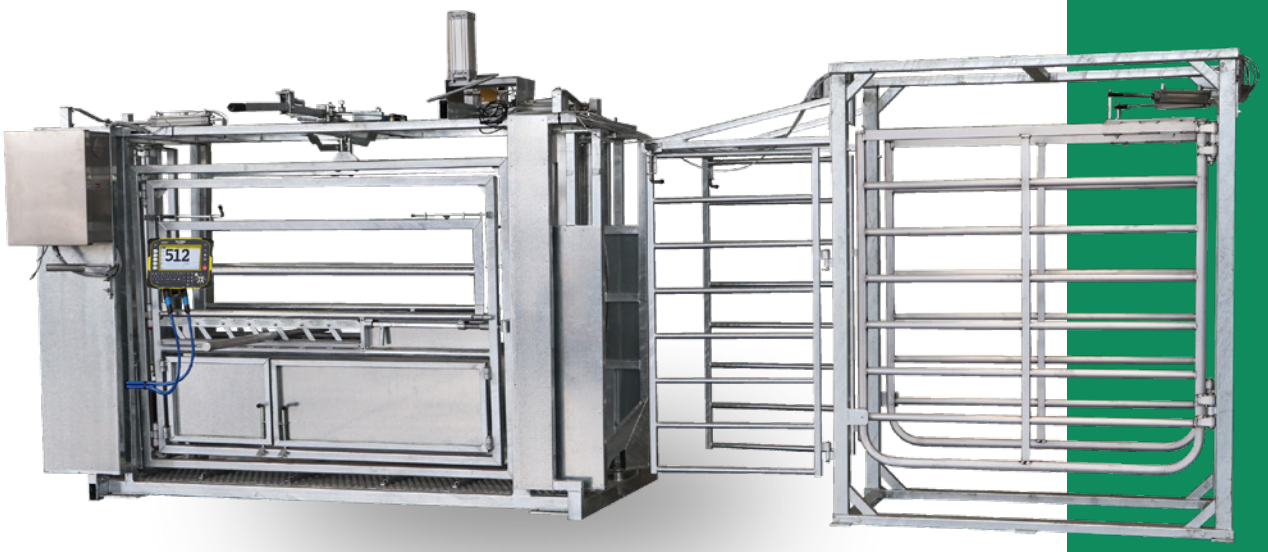

Permanent Cattle AutoDraft with Diverter Gates

SPECIFICATIONS:

- Manual V Squeeze
- Drop Top and Bottom Inspection Gates one side only
- Drafting Gates at front
- Manual Side Release Gate
- Personnel access gates
- Anti Backing Ratchet System

FEATURES:

- Quiet pneumatic operation
- Bi-folding Entry Doors
- Headball on Exit
- Allows full control with handheld remote including Headball
- Built in Load Bars
- Draft by weight, weight gain, Tag Database or sight
- Selective weighing and drafting
- Selective bypass
- Weigh then hold to allow inspection before drafting
- Remote override if indicators draft range
