Checklist for Custom Built Wellside Crates

Enquiry #	
Customer name	Contact
Phone number	
Vehicle (Make,/Model/Year/Type)	
Vehicle ☐ Import	OR ☐ New Zealand New

PLEASE NOTE: It is important that the measurements and specifications below are accurate. The attached template will help you take the measurements from the correct places. It would be helpful if our engineering staff could measure your vehicle at our site in Temuka.

Actual inside deck size: Length _____ mm Width _____ mm

Height (from side of wellside up to top of cab) _____ mm

Depth of deck _____ mm Width of the tail door inside spacing _____ mm

NB: if vehicle has a liner this measurement is taken from the highest ridge on the liner of the deck.
